NEW DELIVERY & COLLECTION SERVICES

As a new branch of the Gates business we have very much valued your custom over the short time we have been open and would like to offer our help in return during these uncertain times.

We have launched two new ways to shop with us - a new **FREE DELIVERY** service and a convenient **CALL & COLLECT** service - in order to support our customers, including those who are more vulnerable or may be self-isolating, with access to food essentials...and a few little luxuries too!

Our stocks are still very good as our focus is on local produce, meaning shorter supply chains...and our prices are as keen as ever!

We are also able to extend this service to include goods within the Garden Centre too!

Keep boredom at bay whilst in self-isolation and order all you need to catch up on home and gardening jobs; buy birthday cards and gifts; or just order a new puzzle, craft materials or a book to keep you occupied whilst at home!

Supermarket Services

Sainsburys

We will set aside the first hour in every supermarket this Thursday, 19th March, for elderly and vulnerable customers. If you or an elderly family member, friend or neighbour would like to shop during this hour, please check online for your local supermarket opening hours. For all other customers, supermarkets will open one hour after the published opening time.

I hope that you can respect this decision and will work with us as we try our best to help those that need it the most. We will also help elderly and vulnerable customers access food online. From Monday, 23rd March, our online customers who are over 70 years of age or have a disability will have priority access to online delivery slots. We will contact these customers in the coming days with more details.

If and when other supermarkets publish more information regarding their response to COVID-19 they will be added to this section.

And if you're struggling to get out to collect goods...
